VOLUME SIX NUMBER 56

BASSANO, ALBERTA, Thursday May 25th, 1944.

License number

## BASSANO NEWS

ALW Mary Walsh was guest of honor when members of the Service Boys (Girls) Benefit Club met in the coffee shop Saturday night. A gift was presented to the guest of honor by the President Mrs. Alice Rockwell. Mary Walsh being our first girl to be sent overseas from the district, it was felt that some recognition should be made. Each member signed the card enclosed with the gift & wishes Mary the very best of wishes. Her mother Mrs. J. Ryan is a member of the Club.

On May 17th, a special meeting was held at the home of Mrs. Alice Rockwell. Quite a lot of business was discussed, & plans for another dance to be held soon, were made.

Two new members have joined this week. The June meeting will be held at the home of Mrs. Irene Sheppard on June 7th.

The Junior group COIT will not meet Wednesday night, instead they will go on a hike & have a picnic lunch Saturday afternoon May 27.

Sgt. Charles Hanna & Mrs. Hanna of Winnipeg visited friends in the town this week, & were guests at the home of Mrs. A. Rockwell.

Mrs. W. F. MacBeth spent Thurs. visiting friends in Camels.

Mr. & Mrs. Bert Schen Mrs. Maguire, & Mrs. Sheppard were Calgary visitors this week.

Lt. Col. Warren & Mrs. Warren stayed with friends in town over the week-end. They are stationed in Calgary with the RCAF.

Miss Madeline Simons & Miss Spencer Ferriest spent the week-end in Calgary.

A. C. Jackie Brown, of the RCAF, of Vancouver, and now posted from Alford Bay B.C. to Edmonton, and he spent a 5 day furlough at the home of Mr. & Mrs. Emil Hinkey.

Last Sunday the 21st, of May, was celebrated as Empire Youth Sunday throughout Canada, and the British Empire. The object is to get the youth of the Empire to realize the place they have in the order of things, to do their part now and be prepared as time ad-

vances to take over the duties now held by older people. To make a stand for things that are, worth while, to obey the teachings of Jesus Christ, and be loyal citizens of the Empire.

The day was observed in Bassano at the Knox Presbyterian Church at 3 o'clock in the afternoon, when a community service was held with the Rev. Selwyn Evans assisting Rev. E. H. Lockhart, Mr. William Stiles read the Scripture Lesson, the Anglican and Presbyterian joint choir leading the singing. A solo was given by Master C. Woods, of Brooks and the senior group of the COIT sang an anthem. Rev. Selwyn Evans gave a very interesting and inspiring address. The Church was nicely filled, the local company of the Royal Canadian Cadets under the command of Lieut. W. Redmond, and two groups of the COIT in charge of Mrs. R. Y. McCullough, Mrs. W. F. MacBeth and Mrs. J. A. Toogood were present.

## ROSEMARY

By Our Own Correspondent  
Mr. Lamar Palmer has been a guest of Mrs. H. Gibb & Eldin Palmer for two weeks. Leaves for his duty at White Horse this week-end.

The young people spent a Pleasant evening at the home of Joe & Mrs. Konkle on Tuesday evening with Miss Dona Sillito as hostess.

Mr. & Mrs. Ed Meier & family have moved in to Rosemary.

Miss Emma Jansen is home from Bassano hospital, where she has been a patient for some time. Mrs. Jansen who was also ill is much better & we hope she will be able to come home soon.

The Gov't road constructing crew is very busy grading the streets in Rosemary. Some side roads will be worked. A great advantage to our Van drivers.

Don Cummings now stationed in Calgary spent the week-end with his parents.

## MAKEPEACE

(By Our Correspondent)  
LAC Donald Nall is home on leave from Yarmouth N.S. where he has been stationed.

The charming young couple in the picture are Captain Paul Johnson, of the CBC's Overseas Unit (formerly of Edmonton and Watrous, now Italy) and Mrs. Johnson. Mrs. Johnson was formerly Jacqueline Johnston (correct) of Altona and Winnipeg, who went overseas with the first contingent of RCAF girls and whose wedding to Captain Johnson in May, 1943

The picnic baseball season has opened. A number of people in the neighborhood spent Sunday at the Backwaters.

Emil Roli who is employed at P. Bulgars, is spending several days at his home at Irvine and in Medicine Hat.

Miss Wilma Hillenberg spent the week-end at her home in Medicine Hat.

Mrs. Hestelbauer is experimenting with growing 50 acres of commercial mustard. Rather an idea after growing just plain old mustard all these years.

Mr. & Mrs. Ed Schaffer and family spent Sunday visiting their relatives in Bassano.

Darlene Schaffer had the misfortune of running a pitch fork through her leg just above the ankle. It was very painful but she is doing fine now.

Those dried-out farmers around Makepeace and Crowfoot didn't take no back seat in the Victory Loan Campaign.

Mrs. H. Heeks was a Calgary visitor over the week-end.

We've been hearing that one of the Bachelor's in the neighborhood isn't going to be a bachelor longer. O.K. Bill we'll all save our "pers". Fisher has been in this neighborhood again this spring and has brought quite a number of horses. Looks like the old grey mare isn't doing too badly.

Mr. & Mrs. V.C. Campbell were visitors at the home of Mrs. I. H. Dufrower on Sunday evening. Joel Bulger has been having the chicken pox.

Have you heard the latest "Trade" story?

We're still looking for that big rainstorm.

was the first all-Canadian event of its kind. Mrs. Johnson is also acquainted with CBC's London staff, as private secretary to F. O. Jack Peach, (formerly of Vancouver) and thinks she has not met interesting job in the RCAF. Captain & Mrs. Johnson celebrated first anniversary of their wedding on May 29th.

number of other voluntary groups, including the churches, has been called. It is hoped that there will be many meetings at which speakers in social hygiene may be heard and at which films may be shown. Provision has been made for distribution of considerable informative literature.

Church leaders of the province have been asked to introduce the campaign with appropriate sermon on the ethical and moral aspects of the venereal-disease problem.

On Sunday, May 28, A highlight of the campaign will be a provincial radio broadcast on May 29 (8.45 to 9 p.m. MDT), in which Premier E. C. Manning, Hon. Dr. W. W. Cross, minister of public health, and Gordon Newton, I.L.B. Edmonton, executive director of the Junior Chambers of Alberta region, will be heard. Other programs are planned.

Organizations interested in further information are being invited to write Mrs. Hilda W. Taitton, epidemiologist, Division of Social Hygiene, Department of Public Health, 329 Tegner Building, Edmonton, or Gordon Newton, McLeod Building, Edmonton.

## FEDERAL CHECK-UPS ON COUPON BOOKS

Federal officials plan to make check-ups on the gasoline coupon books to ensure that the motorist's license number is written on each coupon, according to information received by the A.M.A.

Recently, officials at Vancouver seized many of these books when the motorists drove in to filling stations to get fuel supplies. The books were taken to the enforcement officer's headquarters and

## Hats Off To Mrs Consumer

DUTIES.  
Batt. Orderly Off. Lieut. P.D. Nelson  
Next for duty Lieut. H.W. Brown  
Batt. orderly Sgt. Sgt. Kennedy W  
Next for duty Mr. Wheeler C.C.

motorists had to go and write their license number on each coupon in the presence of an official before the books were returned to the owners.

Federal officials say the new regulations is a protection for motorists in case of the loss of books, as it prevents unauthorized persons from using the coupons. Also, it is a deterrent to "black market" operations.

The A.M.A. urges motorists to see that their license number is written on each coupon, as required by the federal regulation.

DEPART MENT STORE

Throughout the nation this week, the spotlight bears proudly on the woman with the shopping bag. Her wartime task has not been easy one, yet she has done it well. It is not too much to say that Canada's success thus far on the home front would not have been possible without her support.

She has refused to pay more. Although it has perhaps meant going without, Mrs. Consumer has declined to pay more than the maximum legal prices for scarce commodities. That's why black markets have failed to flourish. She has stretched rations.

Because she realized that rationing of some essentials was necessary and fair for all, Mrs. Consumer has accepted it gracefully and seen to it that her household kept within its legal ration limits. She has bought no more than her requirements.

Unnecessary buying causes shortages which in turn cause more pain buying. Mrs. Consumer has also learned. Therefore, even the widest shortages rationing will not cause her to lose her head and buy more than the immediate requirements of her household. She has not complained.

This above all that she has been reasonable about wartime regulations and shortages. She has looked into the reasons behind them and found them practical. For these reasons and because she has made our individual tasks easier, we, the merchants of take off our hats and say "Thank you, Mrs. Consumer. Keep up the good work. We know we can count on you."

## PARADES

The whole Battery will parade at THE ARMOURIES GLEICHEN, on Sunday May 28th. From 1000 hrs. to 1700 hrs.

Officers Commanding Sub Units will arrange to have personnel of their units arrive at Gleichen at the A.M. time and see that necessary vehicles are made available.

## TRAINING

1000 hrs. to 1200 hrs. Inspection & Gun Drill  
1200 hrs. to 1300 hrs. Lunch provided  
1300 hrs. to 1700 hrs. Field Manoeuvres

## DRESS

Drill Order, Skieten Web, Anklets, Respirator, & steel Helmets.

## NOTE

1. A full turn out will be expected.  
2. B. S. M. Don will arrange further details with sub unit Commanders.  
3. CAPTAIN E. CULLEY and instructional staff from 41st. Field Regt. Headquarters, will be in attendance.

Gooderham, MAJOR  
OCC 222 (RD) Field Battery R.C.A.

**EVERYBODY COME**  
Rev. Selwyn Evans

Garden authorities stress the importance of planting rows of seeds a certain distance apart, depending on the type of seed. Carrots and lettuce: rows of carrots ought to be from 15 to 20 inches apart, lettuce rows 15 inches apart. Onions: rows of onions should be 15 inches apart and plants spaced every two or four inches. Pear: experts say that peas should be in rows 30 to 36 in apart, the plants separated by two inches with about two inches of earth over them. Beans: beans require 24 inches between rows, the plants two of four inches apart, seed covered with two inches of earth. Rows of seeds planted too far apart waste valuable garden spaces.

per bushel, plus any special diversion, or selection premiums. The floor price of barley is 60 cents per bushel.

**FLAXED** - The Dominion Gov't has guaranteed a price of \$2.75 per bushel for No. 1 C.W. flaxseed in store at Port William, or Port Arthur or for No. 1 C.E. flaxseed in store Montreal from the 1944 crop. This is 50 cents more than the guaranteed price for the 1943 crop.

**Scottish Cattle May Enter Canada**

Owing to the freedom of Scotland from foot and mouth disease, permits may be issued as a temporary measure, expiring 30 Sept. 1944, for the importation into Canada of cattle, sheep, goats, and other ruminants, and swine from Scotland under the following conditions:

The animals must be embarked at a Scottish port, and the vessel conveying them must come direct from Scotland to Canada without

**Right Now THE NEED IS DESPERATE**

**20000 TONS OF WASTE PAPER ARE REQUIRED EVERY MONTH TO MAKE ESSENTIAL CONTAINERS FOR MILITARY SUPPLIES**

WHAT IS WANTED  
You can remedy this critical paper shortage by saving every scrap of Waste Paper, namely: wrapping paper—store bags—cardboard—carton—corrugated board—old magazines and books—envelopes and letters—newspapers. These represent the raw material for making vitally needed Paper containers.

HOW TO DO IT  
The securely in separate bundles. (The little time you take will save thousands of man hours.) Then dispose of it through your local voluntary War Salvage Committee or other War Voluntary Organization, or sell it through any known trade channels, your pedlar, dealer or others. The important thing is making vitally needed Paper moving to the mills.

touching as on English, Irish, or foreign port. In addition to the usual health certificates, the animals must be accompanied by an affidavit of the shipper, declaring that the animals so embarked have been in Scotland for a period of 60 days immediately preceding date of embarkation; also by an affidavit of the shipper that the feed taken on board for feeding the animals en route has been grown in Scotland.

**A.M.A. WILL PRESS License FEE CUT**  
Plans for renewed efforts to secure a reduction in motor license fees will be discussed when provincial directors of the Alberta Motor Ass. meet at Calgary on June 3.

The association has expressed strong objections to the discriminatory nature of the reduction given last March, which was confined to cars in 1944 make or earlier. It was contended that this was grossly unfair to more than 30,000 owners of newer models.

The A.M.A. has pointed out that the large percentage of motor accidents in the province involve old cars. It feels that the latest reduction has penalized motor car owners who bought newer cars and thus play their part in bringing greater safety to motoring on the highways.

In various sections of the province, there is growing support for the A.M.A. demands for a general reduction in motor license fees.

Honourable C. D. Howe Minister

**OTTAWA LETTER**

Continued from Page four.

destruction in Britain must have been when some 600,000 civilians were struck during the Battle of Britain.

The people of Canada can take some pride in the war tribune, Ernest Bevin, the British Minister of Labour said:

"The weight and reticence of Canada's output, particularly in 1940, when we in Britain stood almost alone was the salvation of us."

After the winning of the war the next object will be the winning of the peace and those in the Armed forces are entitled to know that their welfare is being advanced along this line. When additional preparations are made to assure the men in the service that their welfare is being advanced along this line, they will not only consist of paroles, laudatory talks and cheers, nor of charity or sympathy and words of praise but of a job of an opportunity to be some re-established and a chance to catch up for what has been lost by their great patriotic sacrifice.

A department of Veterans' affairs is being set up. A list of some 10 benefits have been enumerated and this week a change was made in Item No. 7, so that an ex-service man can get \$80.00 per month if married and \$60.00 per month if mar-

ried, \$92.00 - \$130.00 depending on the number of children if taking Vocational or Educational courses after the war. This is good for a year if he has served 12 months and in some cases for two years or longer.

Members of Parliament and citizens of Ottawa are preparing a big reception for the Prime Minister when he returns from the London Conference.

Mr. F.W. Gershaw.

**C.C.F. MEMBER would THROTTLE PRESS**

What Canada is to continue to have a free press, with only such censorship as war requirements impose, was made clear in Parliament by Major-Gen. L.R. Laflèche, Minister of National War Services. The challenge to a democratic press came from Clarence Gillis, C.C.F. member for Cape Breton South. He objected to newspaper reports of the holiday taken by Nova Scotia miners of his constituency after they received a large amount of back pay. He suggested that newspapers should be prohibited from publishing such news. Gen. Laflèche promptly answered that such an event was certainly not a subject for censorship and that the Gov't had no intention of interfering with the complete freedom of

Canadian publications.

**FARM NEWS**

**Agriculture Price Supports, Bonuses**

Following are price supports and bonuses now in effect for some of the principal agriculture products:

**WHEAT**—\$1.25 bushel for No. 1 Northern basis, in store Fort William, Port Arthur or Vancouver, effective for remainder of 1943-44 crop year and throughout 1944-45 crop year. Participation certificates are issued in addition.

**OATS**—Ceiling price of 51¢ c. for oats, basis No. 2 C.W. in store at Port William or Port Arthur, but since Sept. 17, 1943, Western farmers selling oats receive additional payment of 10 cents per bushel as a guaranteed initial advance against export equalization fees. The minimum or floor price for oats, basis No. 2 C.W. at the head of the Great Lakes, is 45 cents per bushel.

**BARLEY**—The ceiling price for barley, basis No. 3 C.W. 6 row barley is 64¢ cents at Port William or Port Arthur. In addition, since Aug. 1, 1943, Western farmers are entitled to an additional advance equalization payment of 15 cents

be used by the RCAF, which is less costly, gives greater ease of movement and is completely foolproof.

It will be used by fighters instructed, and trainees in Canada. No longer will they lug behind them the cumbersome parachute pack containing the canopy. The new device enables the man to carry only the harness, while the sack remains in the cockpit. Sgt. George Bennett of Chatham and Hamilton, Ont. a veteran of 1,300 parachute jumps made the test jumps necessary.

The farmer under certain conditions is liable to excess profits tax, that is if his profits, on all his farm operations after deducting the proper allowances for expenses etc. amount to more than \$5,000. But there are qualifications. He is entitled in calculating his tax, to deduct from his total profits a salary allowance for himself of not less than \$2,500 and not more than \$5,000 if he is a full time farmer, of course.

New regulations now permit Mobilization Boards to grant postponement from military training to all male school teachers for an unlimited time instead of six months as has been the case.

OTTAWA LETTER

This week I saw where tragedy had come to Montreal from the skies. A Liberator had crashed on one of the three-story apartment blocks of the great city. The sad part was that 5 airmen and 10 citizens lost their lives. The building was not only battered and perforated it was actually crushed and flattened and the flames had scorched the adjoining buildings. No bombs were dropped but the ruins give a small picture of what the

Continued on Page three.

How Should Insects Be Combated?

As soon as the plants get large enough to set as a target for pests they should be sprayed. For showing insects use lead acetate.

For making insects use Black Leaf 40. Full directions will be given later in these columns as to how to use these products which are very simple to handle and will do a splendid clean up job.

What are the Most Important Enemies of the Gardener?

No garden will be successful unless defended against weeds and insects. The hoe and the sprayer are the two weapons most important in "garden defense". They should be used regularly and in the proper manner. Too often Victory Gardeners start out enthusiastically to raise their own garden vegetables. The next thing they know their project gets to be hard work. The sun is hot, the weeds begin to take over and pesky insects move in and invite all their relatives to partake of the bountiful banquet spread for them in the way of tender vegetables.

What Harm Do Weeds Do In the Garden?

Weeds are thieves. They steal the moisture and plant food from your crop. The soil is a reservoir from which the garden plants draw their sustenance. Every weed that runs its roots into that reservoir draws away the things your crop needs for good growth. Few soil will feed a crop of weeds and a crop of garden vegetables at the same time.

How Can I Prevent a Growth of Weeds in the Garden?

Weeds grow from seeds. If weeds are kept down year by year so that no seed from any weed gets a chance to grow, the problem in the main is solved by cultivation and by hoeing. Weeds should be destroyed as they come up before they have time to attain a size where they do damage by robbing your crop of burning garden trash helps to destroy both weed seeds and insects. However many weeds drop their seeds as soon as they ripen and you have to

be careful that in gathering stray weed seeds you do not broadcast weed seed.

What Insects Are Most Harmful to the Gardener?

Any insect seen in the garden should be looked upon as an enemy till proven otherwise. Some are more harmful than others. All insects are harmful that eat leaves, flowers or tender shoots. Likewise they are harmful if they suck sap from the tissues. The plant needs all its substance and can spare none for support of insects. In various sections of the country various pests are found. Some insects such as aphids are almost universal, however, and are found on almost all types of vegetation. Watch for the little green plant lice (aphids) and attack them at once when they appear. They look like green but can do great damage if allowed to multiply.

What are the Most Important Enemies of the Gardener?

No garden will be successful unless defended against weeds and insects. The hoe and the sprayer are the two weapons most important in "garden defense". They should be used regularly and in the proper manner. Too often Victory Gardeners start out enthusiastically to raise their own garden vegetables. The next thing they know their project gets to be hard work. The sun is hot, the weeds begin to take over and pesky insects move in and invite all their relatives to partake of the bountiful banquet spread for them in the way of tender vegetables.

What Harm Do Weeds Do In the Garden?

Weeds are thieves. They steal the moisture and plant food from your crop. The soil is a reservoir from which the garden plants draw their sustenance. Every weed that runs its roots into that reservoir draws away the things your crop needs for good growth. Few soil will feed a crop of weeds and a crop of garden vegetables at the same time.

How Can I Prevent a Growth of Weeds in the Garden?

Weeds grow from seeds. If weeds are kept down year by year so that no seed from any weed gets a chance to grow, the problem in the main is solved by cultivation and by hoeing. Weeds should be destroyed as they come up before they have time to attain a size where they do damage by robbing your crop of burning garden trash helps to destroy both weed seeds and insects. However many weeds drop their seeds as soon as they ripen and you have to

be careful that in gathering stray weed seeds you do not broadcast weed seed.
